

MUHAMMAD AZEEM

ASPIRING SOFTWARE ENGINEER

EXPERIENCE

GRAPHIC DESIGNING TEAM LEAD FROM IEEE SSUET & IEEE WIE SSUET

- Supervising and leading a team of graphic designers, providing guidance.
- Overseeing multiple projects simultaneously, ensuring they align with client objectives.
- Ensuring design consistency, quality, and adherence to brand guidelines across all projects.

VIRTUAL INTERNSHIP IN UI/UX

- Designing user interfaces that are visually appealing, user-friendly, and aligned with best practices and brand guidelines.
- Identifying design challenges and proposing creative solutions to improve user experience.
- Conducting user research through surveys, interviews, and usability testing to understand user behaviors, needs, and pain points.

GOOGLE AUTHORIZED UI DESIGN COURSE

- Demonstrated proficiency in creating visually appealing and intuitive user interfaces while ensuring consistency with brand guidelines.
- Developed wireframes, prototypes, and high-fidelity mockups utilizing industry-standard tools such as Figma or Adobe XD.
- Acquired comprehensive knowledge of UI/UX design principles, methodologies, and best practices.

DIPLOMA IN INFORMATION TECHNOLOGY

- Acquired a comprehensive understanding of fundamental IT concepts including programming languages, database management, networking, and system analysis.
- Collaborated on team projects, effectively communicating technical concepts and contributing to successful project outcomes.

EDUCATION

Oct 2020 - Present
Sir Syed University, Karachi

Bachelors In Software Engineering

Mar 2018 - Mar 2019
Jamia Millia Govt. Degree College, Karachi

Higher Secondary School

Mar 2016 - Mar 2018
Crescent Bahria Cadet College, Karachi

Secondary School Certificate

SKILLS

Good communication
 85%

Observation
 80%

Decision Making
 75%

Multi-Tasking
 100%

Volunteerism
 100%
